Re: FOIA Request 23-1388

Dear Brad Quest:

I am responding to your request dated and received in my office on October 31, 2023, under the Illinois Freedom of Information Act (FOIA) in which you requested:

- "1. The veterinary cardiology service's annual overall new case numbers for each year between 2002 through 2019.
2. The veterinary cardiology service's annual new cases of DCM diagnosed for each year between 2002 through 2019.
3. Cardiology examination results including echocardiogram results for each case requested in #2 above. This particular request excludes all information for each case that is legally protected such as pet and pet owner identifying information."

I am writing to invoke an extension of the deadline for responding to the request under the following section(s) of the FOIA, which allows for additional time when:

- 140/(3)(e)(vi) the request for records cannot be complied with by the public body within the time limits prescribed by paragraph (c) of this Section without unduly burdening or interfering with the operations of the public body.

I am taking the additional five days allowed by law to review information. The revised deadline will now be November 14, 2023.

Sincerely,

Kirsten Ruby
Director, External Relations and
Communications

and Chief Records Officer
